PRODUCT DATA SHEET

GOLIATH® DEXELAR
Secondary Drain Pans**Description**

Goliath DexElar Secondary Drain Pans are engineered with superior one piece structural strength to produce a robust drain pan with rolled edges and no seams. Goliath DexElar Secondary Drain Pans provide high temperature durability (-40°F to 260°F), high tensile strength, crack/split/leak/rust resistance. They feature a network of built-in risers, which are compatible with a wide variety of sizes of HVAC units and eliminate the need to shop around for additional risers or mounting blocks. Risers run the length of pan for better strength. Goliath DexElar Secondary Drain Pans are compatible with AG-4200, as well as a full range of RectorSeal condensate switches, Goliath DexElar Secondary Drain Pans are strong enough to hang using only one pair of steel support struts, ensuring a quick-and-easy professional installation.

Packaging

Code	Description	Qty per Case	Lbs per Case	Cubic Feet
96202	28" x 57"	10	70	5.5
96204	28" x 69"	10	85	7.2
96206	30" x 50"	10	110	12.3
96208	30" x 62"	10	130	15.0
96210	30" x 66"	10	110	12.3

**Applications****Secondary Pans:**

- Strongest, most rugged HVAC secondary drain pans on the market today
- Strong enough to hang using only one pair of steel support struts, ensuring a quick-and-easy professional installation
- Each pan has specially designed indentations for placement of hanging brackets

Characteristics | Features

- Hangable
- Extreme temperature durability
- High tensile strength
- Advanced polymer DexElar® material
- Crack/split/leak/rust resistant
- Self extinguishing
- Meet the IRC® code
- 10 year limited warranty

 **WARNING:** This product can expose you to chemicals including Bisphenol-A (BPA), which is known to the State of California to cause cancer and/or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov
